What is going on with healthcare & what can we do about it?

How does the Affordable Care Act (ACA), also known as Obamacare, and its recent near demise, affect the collective bargaining of health insurance and healthcare costs? How can we bargain health coverage more effectively? In this one-day class we will endeavor to answer these questions.

Please bring copies of your collective bargaining agreements, your summary plan descriptions of your current health coverage, and if possible, full plan descriptions.

Pre-register by October 19 by contacting Sallie Wylie
